**AN IMPORTANT GEORGIAN GRADE II\* LISTED PERIOD BUILDING WITH PLANNING CONSENT FOR CONVERSION TO PROVIDE FIVE RESIDENTIAL FLATS.**

**A RARE OPPORTUNITY TO RESTORE AN IMPORTANT LANDMARK BUILDING AND POSSIBLY THE LAST REMAINING UNRESTORED PROPERTY IN KING SQUARE.**

**FOR SALE – GUIDE PRICE £275,000.**

## **LOCATION**

The property is situated in the finest location within the centre of the historic town of Bridgwater being one of the original terraces flanking King Square during the period 1807 to 1830. King Square was built on the site of the original Bridgwater Castle and comprises large Georgian houses arranged around an original walled and landscaped garden.

Over time many of these buildings were converted to office use but in recent years there has been a general trend towards returning the buildings to their original residential use and indeed the two properties flanking no.12 have been converted to houses.

Bridgwater itself is a historic market town expanding rapidly in commercial importance with substantial expansion on the outskirts which are expanding its prosperity. Recent developments include the regional livestock market and the Avon & Somerset Police Headquarters. Bridgwater benefits from excellent access to the M5 motorway at junctions 23 and 24 and the A38 trunk road leading to Bristol approximately 35 miles to the north and Taunton 10 miles to the south.

As well as public car parks within the town centre there is on-street car parking within King Square itself, and sufficient area for parking two vehicles at the rear of the property.

## **DESCRIPTION**

The property offers a rare opportunity to undertake a full renovation of this landmark Georgian building, positioned in a most prestigious location within the town of Bridgwater.

The property dates from the early 1800's and is Grade II\* listed as part of a group including no.10 – 14 King Square.

The property is relatively original in its internal layout, although some partition walls have been added during the period of its occupation for office purposes, and an extension has been added to the ground floor.

It retains a wealth of original features with a number of stunning fireplaces, a beautiful original staircase, large sash windows and original corncicing, doors and architraves.

Particularly the upper floors have remained untouched for decades.

Some re-decoration and tidying of the building have commenced recently, we believe new services have been connected however re-wiring, plumbing and heating are required.

The accommodation is arranged on four principal floors and a large basement.

The property has a Mansard tiled roof behind a parapets and is constructed of local brick with an imposing entrance approached by way of steps from the pavement with railings and a paved light well to the frontage.

Within the property the accommodation comprises the following:-
